EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marcus G. Theodore on November 8, 2004.

The application has been amended as follows:

- 1) In claim 1, line 4: The phrase --laterally adjustable-- has been inserted before the term "side".
- 2) In line 2 of claims 7 and 8: The term "pegs" has been changed to --posts--.
- 3) In claim 8, line 2: The phrase "straps are" has been changed to --strap is--.
- 4) In claim 9, line 1: The number "4" has been changed to --5--.
- 5) In claim 14, line 2: The second instance of the term "the" has been changed to --a--.

2. The following is an examiner's statement of reasons for allowance: The examiner respectfully asserts that none of the prior art, taken either singly or in combination, is seen to teach or suggest the use of an infant reflux mattress suspense system and bed comprising the particular structural combination of mattress securing means affixed to an *elevated* end of a mattress; *laterally adjustable* side posts attached to the mattress securing structure and extending

Art Unit: 3673

from the mattress surface; and a suspension *strap attached to the side posts* as explicitly recited in each of Applicant's independent claims 1, 4 and 16. As shown by the cited prior art, most infant support devices comprising an inclined mattress support surface with straps attached thereto simply include straps which are primarily connected to the mattress surface through the use of hook and loop fasteners or by a plurality of holes formed in the mattress surface through which the straps are looped and secured. Moreover, although the infant support devices respectively disclosed in the Szabo '561 and Berman '252 patents each comprise a strap affixed to side posts further secured to an inclined mattress, the respective side posts disclosed in these reference are not laterally adjustable as specifically claimed by Applicant. Hence, it is considered that the application is currently in full and proper condition for allowance.

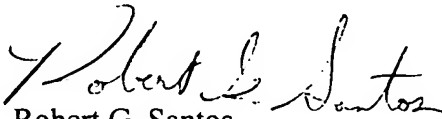

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert G. Santos whose telephone number is (703) 308-7469. The examiner can normally be reached on Tues-Fr and first Mondays, 10:30 a.m. to 8:00 p.m..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Heather C. Shackelford can be reached on (703) 308-2978. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
